

## Call for Sponsorship

Roma, March 2018

Dear Sir/Madam,

I'm proud to confirm you that the 20<sup>th</sup> IEEE International Conference on Dielectric Liquids (ICDL) will be held on June 23-27, 2019 at the Engineering Faculty of the University of Roma "La Sapienza" in Roma (Italy). This Issue follows the previous one held in Manchester (UK) last June 2017. The ICDL is an event fully sponsored by the IEEE Dielectrics and Electrical Insulation Society (DEIS).

IEEE International Conference on Dielectric Liquids (ICDL) is a research oriented conference focused on the exchange and discussion of ideas, results and practical experiences of properties, dielectric phenomena and applications of insulating liquids. It addresses physicists, chemists, material scientists and electrical engineers who are engaged in the research and practical applications of such materials and apparatus. Additionally, the forthcoming edition of ICDL will include special sessions focused on the following items:

- synthetic and natural esters in TSO - DSO transformer applications
- alternative gasses on SF6 having much less greenhouse impact;
- electrodynamics in emerging applications

We would like your Company to become one of the Conference advertisers. Depending on your potential interest in the Conference, we have created different profiles, with different advertising possibilities and different prices. We are also available to discuss other alternatives with you.

I am looking forward to hear from you.

*Prof. Massimo Pompili*  
*Conference Chair*
